

FYSA INFORMATION FOR COACHES

As the season begins, please remember the following:

1. Please leave fields the way you found them. If you move goals, please return them to where you found them.
2. Goals must be anchored while in use. You risk serious injury or death by not properly anchoring the goals. Players should never be allowed to play on the soccer goals or hang from the cross bar.
3. Please make sure players take responsibility for picking up water bottles, trash, and anything else they bring to practice and games with them.
4. Latest version of practice schedule is included. Please be respectful of others' practice times.
5. Please set a parents' meeting before the first game. See Sample Parent Meeting Agenda.
6. Game Day:
 - The first game of the day on FCP gets the corner flags out for your field.
 - Last game of the day puts the corner flags away.
 - Goals must be anchored.
7. The "Club Pass" allows clubs to temporarily loan players from one team to another for a specific game for U9-U11. Please review Club Pass Policy.
8. This year we will continue to reimburse head coaches for league game ref payments up front.
9. Please report damaged or missing equipment to the Equipment Manager.
